Hands free calling

Verbatim's fast-charging phone holder uses high-speed Qi wireless charging technology to provide safe and fast charging for your Android or iPhone. The high-quality charging mount with its tempered glass surface allows hands-free calls and easy viewing of GPS maps while quickly charging your Qi-enabled smartphone.

When the phone is placed in the holder, the side clamping arms and foot bracket automatically close and hold the phone in place. The arms and foot bracket open with the press of a button on the top of the charger. The holder can rotate through 360° allowing for optimum viewing and easier use of functions.
